This is our second year at this sale and all bulls are in town, no off the farm sales. We appreciate the opportunity to provide high quality bulls that are not power fed, but grown on a complete ration. Our goal is to provide 2 year old and yearling bulls that producers can depend on the first year and for many years. Thank you for your support and interest.

All bulls were weaned 11/17/2023 and yearling weights were taken on 4/24/2024. All weights are actual. All the bulls were vaccinated with Vision 7 Somnus, Vista Once SQ, Dectomax Injectable, and Clean Up pour on and were given Fusoguard at semen testing. Our cattle are also on a strict mineral program. We were fortunate enough to have the opportunity to purchase some purebred Angus cows from our aunt and uncle, Doug and Lisa Schmidt, so we have some purebred Angus bulls on offer this year originating from Schmidt Angus. We look forward to expanding and continuing to provide performing quality cattle and structurally sound breeding stock. Thank you to everyone who shows interest in our program. Shelby - 701-426-4669
