

Koepplin's Black Simmentals

Terry & Marci Koepplin 7035 80th St SW Elgin, ND 58533 Please bring this catalog to the sale with you on February 4th.

Howdy Folks,

Hope you're all staying healthy & enjoying the nice winter & had a great summer. We had a good hay crop & lots of grass. We were able to graze a long time this fall. It sure saved on haystacks. After the moisture shut off in July the crops began to hurt so some crops did better than others. I guess it could have been a whole lot worse.

The bulls had a log bigger weaning weights this year because we didn't weigh them right away. They were on feed for awhile until the damn dust settled down. They weaned off pretty good even with the damn dirt. They had Alpha 7 at birth & Ultrabec 7 HS & Bovishield Gold 1 Shot in the fall and poured with Clean Up II twice this fall & in January again.

The bulls are being fed a ration to gain 3 pounds per day consisting of whole corn, distillers, corn silage, grass hay & protein mineral with Rumensin. The silage is dumped in the bunk & the rest fed by hand. Makes for gentler cattle. But this year I wonder; we still have a handful of kind of skittish bulls when you get them out of the big pen.

We look forward to seeing you at the sale & we are grateful and thank you for your interest & support in our program.

Again, if you would like a video of a certain bull we can take one on the cell phone and send it to you.

Thanks,

Koepplin's Black Simmentals

Terry & Marci Koepplin 7035 80th St SW Elgin, ND 58533 Home: (701) 584-3292

Cell: (701) 214-8212

Email: koepplinranch@hotmail.com

Feeding Arrangements:

- We recommend insuring any bulls coming back to the ranch after the sale.
- Buyers who wish to have us feed their bulls will be charged a \$2.50 per day per head starting day after sale. Bulls must be picked up or arrangements made by April 1, 2025.
- Seller retains the right to collect 100 units of semen on any bull in this sale, at our expense, for in-herd use.

VISITORS WELCOME

Bulls can be viewed at the ranch at 6920 69th St SW, Elgin.

Please use the north driveway. 1 mile west on HWY 21 from the HWY 49 Intersection, .8 miles north and .4 miles west.

SALE LOCATION

Bulls will be at **Kist Livestock** in Mandan, ND starting Saturday, Feb 1st.

SALE DAY CONTACTS:

DNA Tested Homozygous Black. Polled. Long as a rope. Very young, stylish kind of calf. Very nice disposition. Easy to look at with big growth numbers.

The best view rounding up the cows is the view on horseback. (Skye & her horse Arie rounding up the river cows to wean calves)

Homozygous Black. Polled. This guy is the baby of them all. He belongs to my 2 grandsons. This guy is really coming into himself. I can see him changing weekly. Will make a areat sire.

One of the "pasture ornaments" (Yogi) with his huge horns.

EPD Reference Guide

Calving Ease (CE): Percent of unassisted births when used on heifers.

Birth Weight (BW): Pounds of birth weight.

Weaning Weight (WW): Pounds of weaning weight. Yearling Weight (YW): Pounds of yearling weight.

Maternal Calving Ease (MCE): Percent of unassisted births in first -calving daughters.

Milk (MLK): Pounds of weaning weight due to milk.

Maternal Weaning Weight (MWW): Pounds of weaning weight due to milk and growth.

All-Purpose Index (API): Dollars per cow exposed under an allpurpose-sire scenario. Evaluates sires for use on the entire cow herd (bred to both first-calf heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold grade and yield.

Terminal Index (TI): Dollars per cow exposed under a terminalsire scenario. Evaluates sire for use on mature cows with all offspring put on feed and sold grade and yield.

Using API and TI: First, determine which index to use; if you're keeping replacements use API, if not, TI. Then, just as with EPDs, zero in on the unit difference between bulls. (As described above, index units are in dollars per cow exposed.) The difference can be used to determine how much a bull is worth compared to another. Or, put another way, how much you can pay for one bull compared to another. For example, when buying an all-purpose-type sire, you

TERMS AND CONDITIONS

- 1. Bulls will be sold to the highest bidder.
- **2.** Disputes between bidders will be settled by auctioneer by reopening the bidding among the parties involved. The auctioneer's decision shall be final.
- **3.** Terms of the sale are cash or check at time of sale unless other arrangements are made prior to the sale. Checks must be in U.S. funds.
- 4. All bulls are guaranteed breeders. Buyer shall let seller know within 8 months of purchase date if bull is unsatisfactory. Bulls will be returned at buyer's expense. Seller has right to semen test bulls found to be unsatisfactory. Seller will replace bull with one of equal value agreed on by both parties or refund buyer purchase price.
- **5.** Koepplin's Black Simmentals retains 1/4 semen rights on any bull sold.
- **6.** Each animal becomes the property of and therefore is also the risk of buyer as soon as it is sold except it shall be the responsibility of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment or for 24 hours after the sale date, whichever occurs first.
- **7.** Announcements from the auction block shall take precedence over material printed in catalog.
- **8.** For those who cannot attend the sale, we will honor a telephone order and guarantee your phone purchase to meet your request when inspected personally by you.
- **9.** Certificates of registry will be supplied by the seller to any buyer requesting them sale day.
- **10.** We will abide by the rules set forth by the American Simmental Association.
- **11.** As we have no control over the acts of God, we cannot guarantee these cattle against death loss, injury, or sickness. We guarantee cattle to be healthy sale day.
- **12.** In case of DNA testing, Koepplin's Black Simmentals are in no way responsible for incorrect test results. Bulls said to be homozygous black are tested by Geneseek, Inc., of Lincoln, Nebraska.

Thank you for your interest and for coming to the sale. We sure hope to see you back again next year.

Terry, Marci & Skye Koepplin
