Annual Production Sale:
FRIDAY FEB. 21, 2025
KIST LIVESTOCK, MANDAN, ND • 1 P.M.
130 BULLS • 56 BRED HEIFERS
RED • BLACK • SIMMENTAL • SIMANGUS™

THE STAIGLES

Welcome to the Dakota Xpress annual production sale. We would like to thank you for your past interest and support of our programs and looking forward to working together in the future. The Dakota Xpress sale is made up of two separate families working towards one common goal, the Staigle and Hansen ranches are family run with each ranch being an individual entity which are approximately 80 miles apart. The breeding philosophies of the two ranches are very similar to each other in type and kind of cattle, making for a uniform offering to select from.

Here we are in 2025, it seems like the days in a calendar year go by faster and faster, is a year still 365 days? This will be a cattle market we will look back at some year and say, "remember when fat cattle hit over \$2.00 per lb.?", hopefully this is here for a while to reward the cattlemen for the hours and investment put into ranching. Looking back on 2024, we are thankful for the abundant grass and one of the best hay crops in years. Granted at the end of the season moisture was short. With these extremes it makes our genetic decisions to produce cattle that can acclimate to weather so important.

The calves received C & D at birth then at branding in May along with Vista Once and 7 way with Somnus, Starting in May they are grazed with their dam on native grass and no creep feed, 2 weeks prior to their pasture wean, they are vaccinated with Vista Once and 7 way with Somnus, then being weaned the first week in October they receive a booster vaccine and are poured with Clean up. Once weaned they are fed grass hay and are then transferred over to a high roughage ration developed for a 3.5 Lb. per head per day on the bulls. This TMR ration is so important to develop bulls for growth and future longevity for many years of use! The bull offering is the top 40% of all bull calves born. The cows at Dakota Xpress must meet the criteria of easy fleshing, calve on their own, have good feet and leg structure, quality udder traits, disposition along with breeding back each year!

All bulls in the offering have been genetic tested 100K DNA for parentage, coat color, dilutor gene and polled status, along with an updated genetic evaluation of EPD's. More data is collected

ETHAN STAIGLE • C: (701) 301-9655

prior to the sale, to give more accurate yearling information, such as scrotal measurement, yearling weight and carcass measurement, this provides a more accurate picture of each bull. That information will be provided prior to sale day on our website: www.dakotaxpress.com and www.dvauction.com.

Dakota Xpress has created a new quick reference chart ranking of our bulls with a STAR RATING giving you a quick guide using the data we receive from the American Simmental Association and genetic history of their dams. You will find the Star system explanation on page 7.

The bred heifers are selected to be developed either in our program or yours. They have been ultrasounded for pregnancy with calving dates and calf sex if old enough to determine on ultrasound day. The Staigle heifers have been DNA tested for parentage, coat color, dilution gene, and polled status. Many heifers are AI bred and have been vaccinated with the same protocol as our replacement heifers, with ViraShield 6 VL5-HB, ScourBoss or Guardian and poured with CleanUp.

With the large offering we invite you to inspect the bulls and heifers at the Staigle and Hansen ranches prior to the sale, then the cattle will be moved to Kist Livestock in Mandan on Feb 19th with SALE DAY FRIDAY FEBRUARY 21st. Our cattle's genetic offering has many options to meet your needs whether it be calving ease, color, performance, carcass, and the #1 maternal!

The sale will be broadcasted on www.dvauction.com the day of the sale. If you are unable to attend, please contact one of us or one of the sales personnel to make prior arrangements to purchase the cattle you are interested in. Stay updated on our website www.dakotaxpress.com for future data.

2025 looks to be very exciting in the cattle industry, key in on the superior genetic opportunity of our sale offering. We look forward to seeing you at the sale, new and repeat customers! Thank you for your interest in our program!

DIRECTIONS TO OUR RANCHES

The bulls are developed at each individual ranch. Dakota Xpress extends a invitation to visit each individual ranch for a viewing of both the bull and female consignments.

Directions to Mandan Lake Simmental Ranch (MLC):

From Center: go 5 miles east, 6 miles north, 1 1/4 miles east.

Directions to Hansen Simmental Ranch (HSR):

From U.S. Highway 83, turn west onto Highway 23. Go west 13 miles. At 184th Street, turn north 3 miles and then west 2 miles.

Cattle Business Weekly

SALE TERMS: All cattle sell under the standard terms and conditions of the American Simmental Association. The full document will be available in the office on sale day. Terms of the sale are cash.

100% of each bull sells, including possession and semen interest. We will reserve the right to collect 100 units of semen on any bull for in-herd use only. This will be done at the sellers' expense and the buyers' convenience.

DISCOUNT: A Volume Discount of three percent (3%) off of the purchase price of three or more bulls is offered.

DNA TESTING: All bulls are DNA tested for parentage, coat color and Polled traits.

FEEDING & DELIVERY: A feeding and delivery contract can be made with Dakota Xpress in the office sale day. Bull delivery will start around the 1st of May with arrangements for delivery made at that time. For more information, contact Wade or Kevin

SUPPLEMENTAL INFORMATION: A supplement sheet containing carcass, scrotal and average daily gain information will be available sale day. EPD's may change between catalog print date and the date registration papers are received.

Carcass data, yearling weights and scrotal measurements will be available the week of Feb. 17, 2025. Look for it online at: www.DakotaXpress.com

CUSTOMER APPRECIATION: A customer appreciation lunch is served sale day, with a Buyer's Appreciation Supper after the sale.

SALE LOCATION: Kist Livestock Auction, Mandan, ND

VIDEOS Videos of all of the lots are available online at www.DVAuction.com and www.DakotaXpress.com

ACCOMMODATIONS

Sale Headquarters: Baymont Inn & Suites (Seven Seas) • (800) 597-7327
 A block of rooms is reserved, under Dakota Xpress, at the above location until Feb. 10, 2025

Bismarck Hotel & Conference Center • (701) 258-7700

AIR SERVICE: Bismarck is served by Delta, Allegiant and United Airlines, and has excellent facilities for light aircrafts.

ALL BULLS WERE TESTED THROUGH THE AMERICAN SIMMENTAL ASSOCIATION UTILIZING THE 100K DNA TEST

HOW DOES A GENOMIC TEST BENEFIT OUR CUSTOMERS?

MORE ACCURATE EPD - Genomic testing is a way to add information to what is known about an animal's genetic potential even before they have progeny of their own. The commitment to add a genomic test to the genetic predictions enables our customers to have higher-accuracy EPD when they make their buying decisions. One way to think of the information gained is by asking how many progeny would this animal need to provide a similar increase in the accuracy of the EPD for that trait? These are referred to as progeny equivalents. Below is a table of current progeny equivalents. Adding a genomics test is like adding over 25 calving ease records or 22 birth weights on progeny to the EPD. As you can see for some of these traits, a genomically-enhanced EPD is like knowing an entire calf-crop worth of information for bulls or a lifetime of calves for females.

TRAIT	PROGENY	TRAIT	PROGENY
Calving ease	25+	Stayability	15
Maternal calving ease	4	Carcass weight	6
Birth weight	22	Marbling	10
Weaning weight	25+	Ribeye area	8
Yearling weight	25+	Back fat	11
		Docility	25+

CONFIDENCE IN THE PEDIGREE - Each genomic test includes parentage markers to both confirm the animal's own pedigree (if his parents' DNA markers are available) and for future parent verification of their own calves. By testing the DNA for parentage, you can be sure the pedigree is correct. **Your success is our success. We take our job seriously.**

COLOR & POLLED GUIDE:

Homo Black: All calves will be black if mated to a black or non-dilutor red cow.

Hetero Black: If mated to a non-dilutor red cow $\frac{1}{2}$ the calves will be black and $\frac{1}{2}$ will be red.

Homo Polled: All calves will be Polled.

Hetero Polled: If mated to a horned cow $\frac{1}{2}$ of the calves will be Polled and $\frac{1}{2}$ will be horned.

Non-Dilutor: If mated to a Hetero black cow, $\frac{1}{2}$ the calves will be black and $\frac{1}{2}$ will be red. If mated to a Homo black cow, all calves will be black.

Dilutor: If mated to black cow, you might get a grey calf.

THE VALUE OF NUTRITION AND THE POWER OF YOUR NEXT BULL PURCHASE

The proper care, feeding and management of a young sire will insure that you will be happy with the return on investment. By managing yearling bulls properly, your investment will return dividends for many years down the road. Dakota Xpress takes pride in the development of our bulls. Our bulls are feed a high roughage ration consisting of corn silage, chopped hay, corn, corn distillers, and a mineral and vitamin package. The TMR bull ration is fed to develop frame, muscle, and scrotal development without fattening the bulls. This ration has worked well to alleviate problems with fertility, feet and leg problems, and to ensure the longevity of the bulls.

At Dakota XPress the fertility of the herd bull is even more important than its growth performance. So in addition to protein and energy, we make sure that the rations contain an adequate trace mineral package. Therefore the mineral package contains chelated zinc, copper, manganese, and organic selenium to enhance reproductive performance. The cow herd also receives a mineral package to enhance their reproductive performance as well.

Dakota XPress understands the investment you are making in these young herd sires. We would like to help you develop the bulls after the sale through our feeding, fertility testing and delivery program. Details are available at the sale or any time prior to sale day by contacting Wade or Kevin.

Cells shaded in gold indicate traits in which Dakota Xpress bulls match or EXCEED the national average!
EPDs change weekly with the new BOLT program running.

QUICK REFERENCE STAR TABLE

Created by Dakota Xpress in ranking our bulls • Ease in ranking bulls for cattlemen

CALVING EASE: Calving Ease stars are ranked on the CE/BW EPD's, along with cow family pedigree and BW ratio's when considering use on heifers. With that thought, a bull with 1-5 stars can be used on any mature cow, and 4-5 stars for possible use on virgin heifers and on cows coming with their 2nd calf.

MWW	74.2
API	137.9
TI	91.3

CARCASS: The carcass star ranking is based on the combination of either ribeye or marbling EPD whether they excel in one or the other or both for improving carcass traits. A 5-star rated bull will potentially increase overall carcass traits.

Calving Ease	Performance	Maternal	Carcass
★★★★★	★★★★★	★★★★★	★★★★

PERFORMANCE: The star ranking for weaning/yearling performance is based on growth EPD's and dam's ratios for growth, making the 5-star rated bull the highest performing bulls for weaning and yearling weights.

MATERNAL: The maternal star ranking is based on the maternal weaning weight EPD along with maternal milk EPD, this makes a 5-star rated individual the highest in maternal traits.

R PLUS *Estevan* 2162K
HERD SIRE

R PLUS *Estevan* 2162K
HERD SIRE

Estevan was the highest selling bull in the R Plus dispersal sale at \$70,000, along with that, he has a total outcross pedigree to US genetics.

DVAuction

Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DVAuction's "real-time" internet bidding service! Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction - a DV representative will notify you when you are approved.
3. Tune in for the sale and make your purchases!

After the sale, contact Dakota XPress to arrange transportation and payment. High speed internet is required for successful bidding – be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding: If you can't make time to watch the sale, register a proxy bid and DVAuction will represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. They'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. DVAuction support can always be reached at (402) 474-5557.
