Transportation of Purchases

Guaranteed delivery of sale cattle to central points anywhere in the continental U.S. at a maximum cost of \$500 per head. Free delivery on purchases of 5 bulls or more. We will assist in delivery arrangements.

Sale Day and Website Supplements

Additional information available on sale day supplement sheets will include complete performance test data and ultrasound data. There will also be individual information on bred females. This information will also be available on our website.

Welcome to Performance Power 2025--our 2025 offering of performance Salers, Angus and Optimizer genetics. We have been excited to bring this group of bulls to you ever since last spring.

It is our intention to offer only bulls that are gentle, sound and have the quality to improve the genetics of your herd. It is no secret that our herd is maternally focused and our goal for each bull that we offer is that they be able to generate productive, sound-uddered, efficient replacement females that will improve each new generation of your cowherd.

All bulls that could potentially be homozygous black have been DNA tested for the homozygous black genotype. As of sale time, the bulls will all have been ultrasound scanned for carcass traits and semen tested. Only bulls that have passed a semen test will be sold in the sale. Be sure to check our website for additional information. Ultrasound scan data, Final Gain Test results, videos of the sale bulls, complete information on the bred females and much more can be found there at www.macdonaldranches.com. Videos will also be posted on dvauction.com.

Again this year, we will be offering insurance through Martin-Trudeau Insurance and will pay half the premium. We would encourage you insure the bulls if we will be taking them back home.

Finally, we want to say thank you to you, our customers, who continue to allow us to supply the seedstock for your cowherds. Thank you for trusting us to supply your seedstock needs. It is a trust that we take seriously as we continuously strive to offer genetics that will improve the profitability of your cowherd.

Auctioneer

Al Conover - Baxter, IA
(515) 491-8078

Terms & Conditions

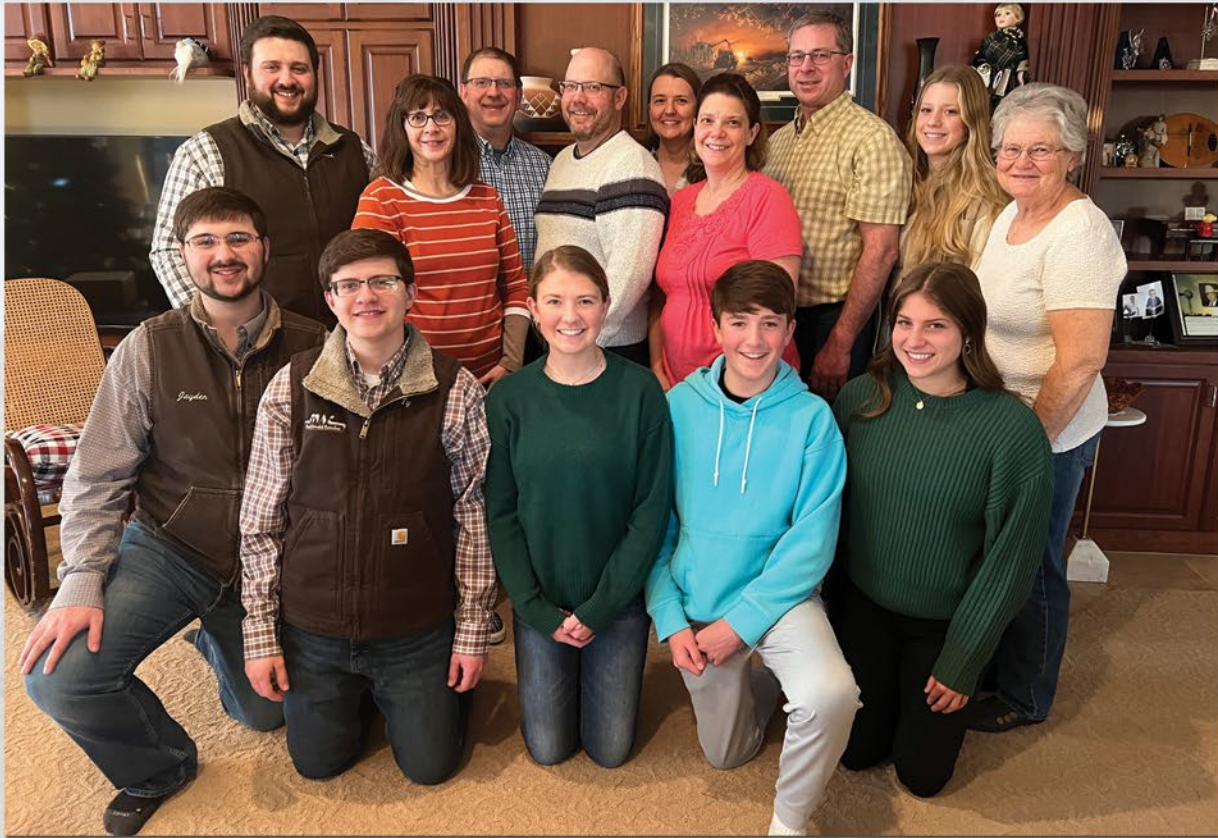

1. BIDDING: Each animal will be sold to the highest bidder without reserve.
2. BIDDING DISPUTES: The Auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.
3. TERMS: Terms of this sale are cash, unless prior arrangements have been made with the management. No animals will be permitted to be removed from the premises until settlement is made.
4. PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for after the sale without cost to the purchaser for a reasonable and customary period of time, but at the purchaser's risk as to loss or injury, and will be loaded according to the purchaser's direction without cost to him.
5. CATALOG CHANGES: Any changes from information printed in this catalog will be announced from the auction block at the time the animal is sold and such announcements shall take precedence.
6. CERTIFICATE OF REGISTRY: A certificate of registry will be furnished for each individually lotted animal sold, except as noted. Bred females are sold as commercial with papers available for \$100 over the purchase price if they are available.
7. LIABILITY: All persons who attend the sale do so at their own risk and the management assumes no liability, legal or otherwise, for the safety or behavior of the animals.
8. GUARANTEES: All animals sold in this sale are guaranteed to be breeders, provided they are properly handled and cared for. If any animal fails to breed, the seller must be notified within 6 months of the date of sale. If the animal is in a sound, healthy condition, the buyer may return it to the seller, who shall have 6 months to test it. If the animal then proves to be a non-breeder, a satisfactory exchange will be made or the purchase price refunded (customary recommended rules). Guarantee does not apply to injured or sick animals.
9. HEALTH: All cattle in this sale are in excellent condition and health. All females have been Officially Calfhood Vaccinated. Where needed, health certificates will be furnished for shipment anywhere.

Tag K267 BW 80 Adj 205 / Ratio 600 / 100 BULL MAC131M

Breed % 7/8 Salers

Homo Black and Homo POLLED

- Long-sided, attractive and gentle bull with plenty of thickness down his top and through his quarter. His long and square hip completes his eye-catching look.
- Quad-polled and smooth polled.

27 MAC MONTEVIDEO 137M

BLACK POLLED Frame 6.2 Born 2/14/2024
Tag K170 BW 84 Adj 205 / Ratio 702 / 100 BULL MAC137M

Breed % 7/8 Salers

- 700+ pound adjusted 205. This gentle bull is truly striking in his length of skeleton. Top gaining High % Salers bull in the first 58 days on test.
- Quad-polled and smooth polled.

Thanks to Jaden Payne and Cory Yanish
for a great job clipping the sale bulls.

The Details of Retained Revenue-Sharing Semen Interest Rights

You may notice in footnotes throughout the catalog that we have noted "retaining 1/2 revenue-sharing semen interest" on a number of bulls. This generally means that these are bulls we are interested in sampling through artificial insemination in our own cowherd. We usually collect semen on these bulls on our farm after the sale and before they are delivered to you. There is no expense to the buyer and we will not let collecting semen interfere with your using the bull for natural service. If at some future point we are able to market semen on the bull, we will share the net revenue generated after expenses on a 50/50 basis with the buyer.

MAC ABBEY 3A is an ASA Gold Dam, the daughter of a Gold Dam and the mother of two Gold Dams. She is also a full sister and flushmate to our premier calving ease and maternal herdsire, MAC ANDERS 29A. Her resume also includes being the grandmother of our powerful young herdsire, MAC JONAH 592J. She was selected as a donor for her extra capacity, milking ability, gentle disposition and calving ease pedigree. With 45 progeny in the registry, she is having a powerful maternal impact on our breeding program and has also had a significant impact on past Performance Power bull sales with 14 sons selling for an average of \$6200 over the past 8 years. These sons of KKCC DEBUT 614D are from the last embryos collected from ABBEY and will be the final direct sons to sell from her. ABBEY is also the grandmother of the bull selling as LOT 99.

MacDonald Ranches presents 14th Annual Genetic Partners Salers Influence Female Sale

2025 Genetic Partners Salers Influence Commercial Female Sale - Jan 13, 2025 Napoleon Livestock Auction Napoleon, ND

279 Salers Influence Bred Heifers.....\$3411

Top Selling Drafts

\$3600 on 9 head of black High-Percentage and Optimizer Salers heifers bred to a Salers bull
consigned by MacDonald Ranches of Bismarck, ND.

\$3600 on 8 head of black Salers Optimizer heifers bred to Salers bulls
consigned by the MacDonald Brothers of Bismarck, ND.

\$3500 on 31 head of black Salers Optimizer heifers bred to Salers bulls
consigned by Tim and Ronda Erbele of Streeter, ND.

\$3500 on 23 head of black Salers Optimizer heifers bred to Salers bulls
consigned by Tim and Ronda Erbele of Streeter, ND.

MacDonald Ranch customers from around the region brought an outstanding set of females to the 14th Annual Genetic Partners Salers Influence Commercial Female Sale at Napoleon Livestock Auction in Napoleon, ND. We were very pleased with the impressive quality of the nearly 280 head of bred heifers that passed through the ring. There are three main objectives to the Genetic Partners sale:

- 1) To establish a sale offering of commercial Salers-cross females from known genetic backgrounds that will gain a reputation as one of the premier sources for commercial replacement females in the region.
- 2) Get as many commercial Salers-influenced females in the hands of commercial cattlemen in the region as possible so they can experience first-hand the value of Salers-cross females in their cowherds.
- 3) Provide an opportunity for our customers who have invested in the genetics to build strong maternal cowherds to capitalize on the extra genetic value in their high quality replacement females.

Thank you to the buyers and especially the consignors who were willing to consign some of their best cattle to this event. Planning is already underway for the 2026 sale. Anyone interested in consigning females should contact us.

View the Auction Live!
Bid Online... you're ringside
right at your desk!

Buying online is as easy as 1,2,3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

- Quad-polled and smooth polled.

Angus Bulls

Angus Bulls - ET sons of Six Mile Tibby 158B

The idea behind the MacDonald Ranch Angus breeding program is to develop Angus genetics that are ideally suited to complement the Salers genetics that we also offer. We pay special attention to disposition, structure, soundness, feet, udder quality and longevity.

We have entered into an embryo partnership with Tom Vetsch of TLC Vetsch Angus of Hazelton, ND. Tom has searched tirelessly to find some of the most outstanding Angus females in the land and then has purchased and flushed them to the best Angus bulls available. Pictured here is Six Mile Tibby 158B, an Angus cow that Tom located in Canada. LOTS 197-199 are sons of this great Angus female.

ALL ANGUS BULLS WERE TESTED WITH THE AngusGS GENOMIC TEST.

197 MAC MAJOR LEAGUE 338M
BLACK POLLED ANGUS BULL Born 03/14/24
Tag 8459 BW 80 Adj 205 772 Frame 6.2 Tattoo 338M

- Gentle, sound and attractive bull with extra length and capacity. He has been an eye-catching standout throughout his development. He is the heaviest WDA Angus bull after the first 58 days on test at 3.55.

198 MAC MAJOR VICTORY 357M
BLACK POLLED ANGUS BULL Born 03/18/24
Tag B364 BW 79 Adj 205 626 Frame 6.3 Tattoo 357M

- He definitely inherited the attractive, clean-made, square-made design and showy look from his mother. He is the high-gaining Angus bull, putting on 4.14 pounds per day in the first 58 days on test.

199 MAC MAJOR ROLE 311M
BLACK POLLED ANGUS BULL Born 03/04/24
Tag 421J BW 68 Adj 205 632 Frame 5.6 Tattoo 311M

- Attractive and square-made with a very clean-made design and plenty of depth and capacity. He is the lightest birth weight of the flush and should be a good prospect for use on heifers.

- Moderate-framed and muscular with a wide top and muscle packed into his big rear quarter. His 2nd calf dam has an avg weaning ratio of 107 on her 2 calves. Sired by DILIGENT, a bull known for sound structure and foot quality.

The Truth of the Matter Is...

Change and uncertainty, and sometimes chaos, have reigned over the past few years. I don't need to expound on that - we have all lived through it. Sometimes it seems that it has never been more unclear what is true and what is untrue.

But there is truth. God's Word is truth communicated. And Jesus Christ is truth personified. In the pages of the Bible we find that there is a Creator whose kingdom will never be shaken. And we find that there is a Savior who died for our sins and longs to have a relationship with us. It is so easy to get caught up in the responsibilities and activities and even the chaos of this world. If we accomplish much on this earth but miss Jesus Christ in our time here, we have missed everything.

Jesus is the one thing - the only thing - that we can really ever count on to be true.

Trust in the Lord with all your heart
And lean not on your own understanding.
In all your ways acknowledge Him and He
will make your paths straight.

Proverbs 3:5-6

The Lord is my rock and my fortress and
my deliverer,
my God, my rock, in whom I take refuge,
my shield, and the horn of my salvation,
my stronghold.

Psalms 18:2

Bill MacDonald Memorial Fund - American Salers Foundation

LOT 205 - MAC MERYL 12M

From the time he first encountered Salers cattle at the 1983 National Western Stock Show in Denver, Bill MacDonald fell in love with Salers and he dedicated 30 years of his life to improving and promoting the breed, as well as serving in breed leadership positions. It was certainly his desire to see the Salers breed improve, grow and flourish.

In keeping with his desire to see the Salers breed thrive and prosper, the American Salers

Foundation has set up a special memorial fund bearing his name. In honor of Dad's memory and in recognition of his love for Salers cattle, MacDonald Ranches is donating this heifer calf, selected from some of the best genetics our breeding program has to offer. All proceeds from her sale will be donated to the Memorial Fund. It is our intention to continue to donate a heifer to the fund on an annual basis in order to carry on Dad's legacy and help to strengthen the future of the Salers breed.

Our philosophy on bull development....

Shown here is a part of our bull development pen where our bulls are fed and developed from weaning to sale time. We believe that delivering a sound bull that will stand up and maintain his condition in a pasture breeding environment is a vital part of the success of the bulls we produce. That's why our bulls are selected rigidly for soundness and fertility and developed on a high roughage ration in this large pen where they get plenty of exercise. They come to you grown out, hardened and ready to work.

**For God so loved the world
That he gave his only Son,
That whoever believes in him should not perish
But have eternal life.**

**For God did not send his Son into the world to condemn the world,
But in order that the world might be saved through him.**

**Whoever believes in him is not condemned,
But whoever does not believe is condemned already,
Because he has not believed in the name of the only Son of God.**

John 3:16-18
